The division into sections is Leibniz's; the division of some sections into paragraphs is not. Leibniz wrote brief summaries of the 37 sections of this work, but did not include ... if there is only a kind of despotic power, if reason's place is taken by will, and

## HUMETR3 Job 1 - Natural Thinker

Leibniz's approach to the problem of evil became known to many readers through Voltaire's lampoon in *Candide*: the link that Voltaire seems to forge between Leibniz and the extravagant optimism of Dr. Pangloss continues "for better or worse" to shape the popular understanding of Leibniz's approach to the problem of evil. In this entry we examine the two main species of the problem of evil that Leibniz addresses.

## Leibniz What Kind Of Rationalist Logic Epistemology And

Although Leibniz never wrote a systematic ethical treatise, in his view theology is a type of jurisprudence, a science of law (NE, p. 526). And Leibniz contributed a systematic work to the field of theology, namely, the Theodicy (1710), the only large-scale philosophical work that he published during his lifetime.
