My PDF is downloading as a .html file (Android devices) We have reports of this happening when travelers are using Internet Explorer on Android devices like the Samsung Galaxy tablet. This is related to the fact that Android devices do not support Windows, and therefore they download what is called the source file, rather than the PDF itself.

Yes, it is possible to get a ebook copy of a Lonely Planet guide free (at least for a 30 day trial period, which

should be more than enough time to read it). The best thing is that this is entirely legal, and doesn't cost a penny. That's because the entire Lonely Planet library is available as part of Kindle Unlimited.
