Would McPhail recommend FACTIVITY™s WORKBENCH to others? "Absolutely yes," he said. "I think FACTIVITY has given us a great platform to collect valuable information about our production processes, so we will be able to make fact-based decisions to make improvements."

## **Case Study: Morrison Products - Factivity**

Mercantilism is a national economic policy that is designed to maximize the exports of a nation. Mercantilism was dominant in modernized parts of Europe from the 16th to the 18th centuries before falling into decline, although some commentators argue that it is still practiced in the economies of industrializing countries in the form of economic interventionism.
