### **Math! Encounters with high school - Cambridge Core**

The book under review, Math! Encounters with High School Students by Serge Lang, is an old one, published in 1985, but well worth bringing to the notice of students and teachers of mathematics. It is a series of seven dialogues on mathematics with school students and a postscript discussing mathematics teaching.

### **Math! Encounters with High School Students by Serge Lang**

mathematics is learned somewhere around the 4 th grade (Too, 1996). In Kenya, this problem starts in the

upper In Kenya, this problem starts in the upper classes at the primary level (standard 7 & 8 ) and becomes acute at the secondary level (forms 2 and 3)
